

# **Forays 2017**

## **Workshop**

### **Mathematics in Nature**

#### **Description:**

The workshop will include presentations and activities to describe how mathematics is fundamentally present in our surroundings. We attempt to explore some fascinating relationship and resemblances of abstract mathematical ideas to real world objects

#### **Eligibility:**

Mainly focused on students of classes 8 to 12

#### **Highlights:**

- Hand-outs containing relevant material and references will be provided to all students
- Activities for students

#### **Duration:**

One hour

#### **Coordinators:**

Uday Pradhan (Speaker)

Vaibhav Kumar

Marshall Kharumnuid
