

TREASURE HUNT

ABOUT:

Treasure hunt is an annual puzzle solving contest during the mathematics fest FORAYS. This year edition of treasure hunt is conducted on 28th January 2017. This event is supposed to be fun. We want you to have fun. If at any point in the day you're not having fun, take a break, and let the organizers know. Don't let the competition prevent you from enjoying the puzzles.

RULES AND REGULATIONS

1. Number of participants of each team is limited to 3.
2. A map of campus will be provided to all the participants.
3. Any action deemed unsporting by the Puzzle Hunt organisers may result in disqualification. This includes, but is not limited to, soliciting and/or stealing answers and intentionally sabotaging any aspect of a puzzle.
4. Use of any means of transport is prohibited.
5. All the team members must be present while collecting clues.
6. Decision of organizers in any issue will be final.
7. Rules are subject to change and please visit the webpage for updates.
8. Teams are ranked by the number of puzzles they have solved. In case of tie, they are ranked by the average solving time.

PUZZLES:

1. After starting point there will be at least 5 check points.
2. At each check point you will be provided with clue to find the next check point.

PRIZES:

1. First place (5000 INR) - awarded to the team reaches the final destination in shortest time.
2. Second place (3000 INR) - awarded to the highest ranked (non-winning) team.
3. Third place (1000 INR) - awarded to the second highest ranked (non-winning) team.
