PERFORMANCE ASPECTS OF CONCATENATED RD-CODES

W.B.Vasantha Kandasamy and N. Suresh Babu

In this paper we initiate the study of concatenated RD-codes. The concatenated RD-code and an inner RD code. The outer code being the code over the inner code. The concatenated RD-code consists of the code words the outer code expressed in terms of the alphabet of the inner code. Some performance aspects of concatenated RD-codes are covered in this paper.
